

## Vice President, Airport

### PortsToronto - Billy Bishop Toronto City Airport

Location: Toronto, ON, Canada

Offering service to more than 20 cities in Canada and the U.S., with connection opportunities to more than 80 international destinations via its partner airlines' networks, Billy Bishop Toronto City Airport (BBTCA) is an important international gateway and a key driver to Toronto's economy which traditionally welcomes approximately 2.8 million passengers per year. Owned and operated by PortsToronto, Billy Bishop Airport is renowned for its unique travel experience, efficiency and customer service and has won a series of passenger driven awards.

PortsToronto is seeking a VP Airport to lead airport operations at BBTCA. Reporting to the CEO of PortsToronto, the Vice President (VP) Airport is primarily and directly responsible for overall leadership to achieve the airport mission mandate, including the management, operation and performance of the Billy Bishop Toronto City Airport in accordance with PortsToronto's vision, mission, and strategic objectives. In doing so, the VP Airport will provide leadership and direction to all sections within the Billy Bishop Airport organization and work collaboratively with airport and community stakeholders and management, facilitate commercial opportunities and pursue broader revenue growth, and ensure airport operations are conducted with fairness, transparency, and integrity. Operating in a complex multi-stakeholder landscape, the new VP's mandate will be multi-faceted.

The ideal candidate will bring a minimum of 15 years' experience in airport operational management including managing airport security programs, compliance audits, safety management systems, emergency response activation, communications centre operations and infrastructure/project coordination. Operational leadership experience will also be complimented by excellent communication and relationship building skills with the proven ability to garner confidence, respect, and trust with respect to a variety of internal and external stakeholders, including federal and other governmental officials, as well as staff, private and public sector stakeholders, community groups and the public.

This is a unique opportunity to lead a high performing organization that provides essential transportation infrastructure and develops city-building initiatives that contribute to Toronto's position as a world-class city.
