

Anthony Pizans

**Senior Relationship Manager, Municipal Business Development and Lending,
Infrastructure Ontario**

Anthony has been with Infrastructure Ontario since 2007 as Senior Relationship Manager, Municipal Business Development and Lending in the SW area.

Prior to Infrastructure Ontario, Anthony spent 10 years with another provincial government agency, the Ontario Clean Water Agency as part of their Client Services team, responsible for overall business development in the southwest for the operation and maintenance services of municipal water and wastewater systems.

From 1994 to 1996 Anthony was with the Great Lakes Pollution Prevention Centre as Information Officer and prior to that he spent 13 years in the private sector with Laidlaw Environmental Services as their Regional Customer Service Manager for the transportation and disposal of industrial hazardous waste from within Canada and the United States.

Anthony has a Bachelor of Science Degree from the University of Waterloo.
