CHIEF EXECUTIVE OFFICER

Are you interested in being a key player in the continued economic growth of the Red Deer Region? Do you have a solid reputation as a dynamic entrepreneurial business leader?

The Board of Directors of Red Deer Regional Airport Authority (Red Deer Airports) is seeking a CEO who will be excited by the challenge and will be passionate about leading the Red Deer Airport into its next phase of growth and expansion. Reporting to the Board of Directors, this integral role will develop and implement a visionary and strategic business development plan. Other responsibilities include overseeing marketing and communications, financial and human resources management, stakeholder relations and administrative functions, while also working closely with, and providing support to the Board. In addition to maintaining productive working relationships with the Airport's key stakeholders - the City and County, the CEO will focus on business development with key commercial airline carriers, increasing commercial and passenger services and usage made possible with the expanded runway (completion September 2016).

The airport currently serves three charter operators (Sky Wings Aviation, Charter Solutions and Air Spray) and Air Canada Express that provides scheduled passenger service to Calgary. These operations, plus air cadet training and private flying, result in 50,000 aircraft movements a year.
