

The Niagara District Airport Commission requires a Full-Time Airfield Maintenance Specialist.

The Airfield Maintenance Specialist responsibilities include:

- Operating a variety of unique heavy equipment to maintain the airport's airside and public surfaces
- Performing general repairs and preventative maintenance work on all airport surfaces
- Conducting airfield inspections and runway condition reporting
- Performing wildlife control
- Carrying out other duties relative to this position as required

To be eligible all candidates must have the following qualifications, skills and abilities:

- A valid Ontario Class 'D' Driver's Licence with air brake endorsement
- The ability to work rotating schedules, overtime and the ability to provide response to after hours calls to meet airport operational requirements
- The ability to communicate effectively in English in person and during radio transmissions

The following qualifications would be an asset:

- 2-3 years of experience in operating heavy equipment
- Airport experience

On the job training will be provided to the successful candidate.

The Niagara District Airport Commission offers competitive compensation and benefits program.
