

The District Municipality of Muskoka is currently recruiting for an Airport Operator

An Overview of the Position

As the Airport Operator, you will be responsible for assisting in the operation of the Muskoka Airport including: operating vehicles and equipment, airfield operation and maintenance and fuel and aircraft servicing.

What We are Looking For

You will bring to the District the following skills and attributes:

- Minimum Grade 12 education with two years of related experience
- Proficiency in the operation and maintenance of airport vehicles and heavy equipment
- Proven ability to work independently, or on a team and must be able to work with limited supervision during weekends and in a call out situation.

You must hold a valid Ontario driver's license and be capable of obtaining the following:

- An Aeronautical Restricted Radio Operator Certificate in accordance with Industry Canada.
- A Transportation of Dangerous Goods Certificate in accordance the Transportation of Dangerous Goods Act and Regulations.
- An Aircraft Fuel Handling Training Certificate in accordance with Imperial Oil requirements

The Opportunity

- Maintain airside safety and security including: control of aircraft ramp access and activities; wildlife control using pyrotechnics; and inspecting, reporting and correcting the runway surface condition in accordance with Transport Canada Standards.
- Undertake aircraft servicing including: fuel & fluid servicing, operation of ground power units, marshaling, securing and towing aircraft.
- Undertake quality and inventory control of aviation fuel supply and delivery vehicle and equipment.
- Perform airfield maintenance, including snow removal, runway de-icing, lawn care, and airfield lighting maintenance.
- Respond to emergencies when required.
- Greet and respond to public and tenant inquiries, concerns and complaints.
- Perform equipment & vehicle maintenance and complete vehicle logs in accordance with the Airport Vehicle Maintenance Program.
- Perform maintenance duties on all airport buildings and facilities, when required.
- Undertake standby duties on a rotational basis.
