

AIRPORT MANAGER (MATERNITY LEAVE REPLACEMENT)

LA GRANDE RIVIÈRE AIRPORT – RADISSON

YOUR INTERESTS:

- Gain valuable experience managing an airport hub for passenger and cargo transport throughout James Bay
- Play a key role in advancing La Grande Rivière Airport's projects

YOUR PROFILE:

- Experience in operational management of an airport (preferably in a northern community)
- Expert knowledge of airport safety and security requirements (emergency response plan, SMS), and Transport Canada standards and policies
- Commitment to the values of respect, collaboration and responsiveness
- Highly adaptable and flexible in the face of change and under pressure
- Self-directed with strong analytical, reasoning and problem-solving skills, and a keen sense of judgment
- Drawn to wide open spaces and the north
- Knowledge of French (spoken-written)

What SDBJ has to offer:

A unique work environment and the rewarding experience of living in the north

Possibility of extending employment beyond the maternity leave replacement

Opportunity to be part of an experienced, established team

Competitive annual salary plus isolation allowance

Furnished housing at a reasonable price - Access to a vehicle for work travel

Sick leave and family leave

Group insurance and retirement plans

Reimbursement of fitness and sports expenses

Interested in helping SDBJ be the best we can be? A bit about us:

The **Société de développement de la Baie-James (SDBJ)** is a Quebec Crown corporation dedicated to economic development in the James Bay region. Its mission is to take a stewardship approach to promoting economic development and to extracting and transforming non-hydroelectric natural resources in the area. To this end, the SDBJ leverages capital allocated to growing and strengthening the region's business ecosystem.
