The ability to relate constructively with the Airport’s stakeholders will be key to success. The CEO will play a key role in decisions that will impact the future of the Airport and the Windsor Region.

Known for your strategic acumen and business savvy, you are adept at working with Boards, government representatives, corporate decision makers and community leaders to orchestrate thriving alliances. Qualifications for this position include a university education and senior management experience relevant to an airport operation. Superior communications and team building skills, and a commitment to the Airport’s contribution to economic development in the region is essential. Here’s an opportunity to impact the future of a region on the rise.
